### ANNUAL MACFARLANE FOURTH OF JULY RACES WON BY OUTRIGGER

The Fourth of July, Outrigger Canoe Club, and the Macfarlane Annual Waikiki Canoe Race sponsored by the Club, are all the news. The races were a great success, it was a day of one victory after another. Mark Buck and his crews are to be congratulated for their superb performance that brought the Outrigger its first regatta victory for the July Fourth races in many years. Outrigger just couldn't slow down, winning the first four events in a row. As is usually done in the races at Waikiki, all clubs had the option of open steersmen for this race. We used this option to maximum advantage with Mike Holmes and Fred Hemmings. At the end of the day Fred had steered 5 crews to wins and two new records, one by the Novice men, the other by the Junior girls. In all the Outrigger scored 7 first places for a total of 41 team points, second was Waikiki Surf with 33. Our winning streak started with a superb performance by the 13 Boys, then the 14 Boys, the Novice Girls, followed by the record breaking Novice Men. Our 16 Boys repeated their training escapades and managed to flip the canoe during their turn. Not to be outdone, the 17 Boys bailed and came in 3d. Our Freshmen Girls also placed in the points with a 3d place. The Junior Women really turned on and brought home a record for their half mile event. Our Junior Men with absolutely no advantage of waves as enjoyed by other crews in their event placed third. The heart breaker of the day and the only one, saw the Senior Men finish first across the line in an impressive race only to be disqualified for touching the inside buoy. Their race was nonetheless a beautiful one. Our 18 Boys who are having an excellent season took a fine first place. In the last but not least, in this case, the Freshmen with editor in seat five took a very closely contested first place. The day's events ended with the Open Men's Four in which Outrigger placed second. The day was indeed a high point in the present canoe racing season and one in which all members can be proud.

Record-setting Novice crew: l-r, Tom Connor, Dick McClelland, Fred Hemmings, Jr., Tom Moore, Jerry Richardson, & T. O. DEWEE
