6. Annual Molokai-Oahu Canoe Race, Sunday, October 15.

KAKINA is nearing completion of her complete overhaul at George Perry's shop. The Kakina has been given a major design change and a boost in appearance, with new higher sides, raising of the bow and stern, new gunwales, seats and two beautiful new manus. She will soon be returned to the club where she will undergo the same refinishing that LEILANI has received. Coach Al Lemes plans to run both of these beautiful canoes this season. In addition to the Leilani and Kakina, we have our two fibre glass trainers in excellent shape and ready for training work.

Paddling training starts soon, very soon. Coach Lemes will post the exact time and place of the first meeting on the club board. Expect training to begin on or about Monday, May 8th.
