WALTER MACFARLANE DAY, JULY 4TH

OAHU CHAMPIONSHIPS, JULY 13

The Club's new koa canoe, the PAOA, is nearing completion. She is presently receiving finishing varnish and fiberglass work and should be ready for her christening and sea trials in a month. Our two work-horse, fiberglass training boats are receiving a complete overhaul and will be in top shape for the coming season. They will both be identical in appearance, red rails and manu's and white hulls and, of course, much faster.
