Canoe Committee Announces Program

William Cook, Chairman

The purpose of the Canoe Committee in the Club's sports program is to qualify and upgrade steersmen, take care of the equipment and make sure the members do the same.

We will hold a canoe surfing contest during the summer. (Date to be announced later).

Steering clinics will be held during the summer which will be free to the membership. However, we will be tied up the first few weeks with the canoe racing program for steersmen.

We want the equipment to be used but not abused. Please follow the guidelines of Wayne Faulkner, our Beach Captain, as to the rules, as he has the thankless task of enforcing them. MAHALO for your KOKUA.

Canoe Committee members are Jay Pease, Marc Haine, and Buddy McGuire.
