

Canoe Racing Committee Goals

Barry Hall, Chairman

Our goal for the canoe racing season of 1976 is to involve the entire Club membership in participation in or support of this year's program. It takes a lot of people to put together a winning season, ranging from paddlers 12 years and under to our regular members who come to the races to cheer our crews on to victory. This year we hope all of our Club members will come to the regattas and give their support to our crews.
