

TWO FIRSTS IN ONE RACE

That's what OCC member Joe Cabell earned when he paddled the 9 $\frac{1}{4}$ miles from Kahalepaulua Beach on Lanai to Lahaina, Maui in the go-like-a-swift time of one hour, 57 minutes, 38.1 seconds on Saturday, June 17th. Next year he is sure he can knock off that 1/10th of a second.

The *first* first that Joey won was for the best time made for the race and his *second* first was for placing first in the stock board class. Stock boards usually weigh 35 pounds.

Other OCC paddlers who brought home first places were Club Coach Rabbit Kekai, open board (specially built to any specifications with working rudders); and Fred Hemmings, Jr., Malibu board (maximum of 11 feet). Rick Steere was second and Paul MacLaughlin third in the stock board class and Beach Service's Nappy

Napoleon placed second in the open board class.

Fortunately the sea was running moderately and though the skies were cloudy . . . no more rain.

OCC MAKING POINTS

At the Kamehameha Day Regatta held at Kailua Beach OCC crews garnered 29 points to win second place. Waikiki Surf Club earned 41 points to be champs for the day.

Of the nine races run off, OCC crews came home with three first place honors and Coach Rabbit Kekai was mighty proud of his paddlers. He is looking for them to go over the finish line with some more blue ribbons in the Walter MacFarlane Memorial events to be held in front of the Club on July 4th.

Members of the winning crews for the June 11th races are pictured on these pages.
