

Sailing

Members will be pleased to learn that the club's four Sunfish sailboats, which have been out of commission for so long, will be replaced with brand new boats by about the middle of June. The Sailing Committee will re-publish the rules and regulations as well as the qualification procedures governing the use of the club owned boats. It is also planned to reestablish the Saturday morning sailing classes sometime in late summer.

Meanwhile the club is being affiliated in the Hawaii Yacht Racing Association so that members owning boats in the Sunfish, Scorpion, P-Cat, Cal-Cat, Hobie-Cat, and cruising classes will be able to compete in certain open regattas. The first such race is the annual Maritime Day race into Pearl Harbor sponsored by the Propeller Club of Honolulu scheduled for Saturday, May 17.

The following weekend May 24-25 the OCC sailors will make their 3rd annual invasion of Kauai to take on the Kauai Yacht Club in Nawiliwili Bay. Our skippers are determined to atone for their humiliating defeat last year after their smashing victory in '67.
