

OCC Sailing Clinics

By Harold Hutchings

Ten OCC members took advantage of the first OCC sailing clinic put on by the Sailing Committee on July 13. The clinic was held to teach beginning and novice sailors how to rig and sail a small sailboat such as the Club Scorpions. Instruction was first given on land and then each participant applied his new knowledge out on the water with one of the instructors giving assistance.

All agreed the clinic was a success and are anxiously looking forward to the next session, which will be held Saturday, August 10th, 1974, from 9:00 a.m.-1:00 p.m. at the OCC beach. Enrollment limited to 15 people. Sign up on Athletic Bulletin Board.
