Multihull Transpac Race Wrap-Up

by Jon Haig

Patty Cat II picked up all the hardware at the July 17 "Shipwreck Party" to honor crews of the Sixth Biennial Multihull Transpacific Yacht Race. *Patty Cat II* not only spent a day in the "Winner's Circle" of the Outrigger Canoe Club Lagoon, tied off to two palm trees, but her crew was honored with the OCC First to Finish—Corrected Time Perpetual Trophy (a large koa calabash bowl), the First to Finish Richard Muirhead Memorial Trophy from the Ocean Racing Catamaran Association (a large koa canoe steering paddle), and the Waikiki Yacht Club Multihull Perpetual Trophy (a koa wood replica of a Polynesian double canoe). A navigator's trophy also went to the *Patty Cat's* navigator, Guy Leneman.

(Ed. Note: Details of the race, fully covered by the press at the time, have been omitted a/c lack of space. They are on file and available to any interested members at the Assistant Editor's desk.)
