

John Langenheim

Sailing Committee Goals for 1978

by John Langenheim, Chairman, Sailing Committee

Your sailing committee is again, in 1978, dedicated to the basic objective of increasing the Club membership's awareness of small boat sailing in general, and of promoting, more specifically, sailing opportunities through the club.

The OCC now owns four Lasers, a Hobie 16 and two operable Scorpions. These are readily available to Club members who are qualified, respectively, in each class of boat.

With this in mind, let's look at the "5-Point Plan" of your Sailing Committee:

- 1 - Provide opportunities to learn to sail small boats safely!
- 2 - Improve and encourage sailing through organized instruction.
- 3 - Sponsor and encourage intra- and inter-club regattas.
- 4 - Provide for recreational sailing.
- 5 - Maintain and improve sailing equipment and facilities.

Skipper Mike Holmes

To accomplish these ends, an active and enthusiastic committee is required. We have started 1978 with a foundation of five returning sailors. However, new faces and helping hands are being sought. You don't need to be an expert, by any means, to participate.

Some events we will be conducting include a Coast Guard Classroom course in sailing, two Hawaii Yacht Racing Association Regattas, Club boat qualifying sessions, a fall intra-club race series, and other fun functions.

If you like the water and want to sail on it as well as paddle and swim, then you're our kind of person. We ask that you contact one of the Sailing Committee members who are listed on the sailing bulletin board. With an active two-way channel of communications, we can't fail to meet our objectives.
