

# Introducing Your 2007 Canoe Racing Subcommittee and Paddling Coaches

By Erika Eberhart

Integral to the success of our Club's 2007 regatta and distance seasons are both the Canoe Racing Subcommittee and, of course, the coaches. The Canoe Racing Subcommittee, chaired by Jenifer Bossert, has only taken a couple months off from meeting monthly since the 2006 season came to a close.

They've been planning and coordinating since early January; there is no rest for the weary when you want to ensure the upcoming paddling season is even more successful than the prior one. Just so you know who your committee members are, they are as follows:

## Summer Surf Contest

By Mark Jackola

It is getting close to the time for the OCC Summer Surf Contest.

This unique event will be held on any Saturday with surf permitting beginning in late May to the end of summer.

Please sign in on the forms that are posted in the locker rooms and we will call you on the Friday night before so you can be down at the Club beach to surf Old Man's.

Trophies are awarded, there are refreshments and it's great family fun day.

The contest site will have a jet ski for water patrol and safety.

See ya there.

bound to be another fun-filled and successful year. It is bound to be a fabulous regatta season, ending with a trip for those crews who qualify to Hanalei, Kauai, for States.

Below is the current list of 2007 Regatta Coaches who have volunteered their personal time to prepare us for the season. Please pat them on the back and give them a big "Mahalo" for their selfless efforts.

## DOG Gone?

Hey you park dog walkers, please be courteous to your dog, and your fellow members in the parking lot. We understand a few members come to the Club, park here, take their dog for a walk in Kapiolani Park and then "maybe" spend a "few" minutes in the Club, and depart, with happy exercised dog.

That is the way we want it to be. However, some people are none of the above. They come to the Club, leave the poor dog in the vehicle, and spend more time than they anticipated here. Please don't do that.

If you have a big dog in the back of your pickup, it is only trying to protect your territory when it barks at those who park in the next space. Since parking spaces are close, injuries could occur, children can get frightened, and the dog is a barking frenzy.

Club rules state:

### Section 64 Animals

No animals shall be allowed on the Club premises at any time.

If you want the Club to abolish Rex or Brutus or Blackie, they certainly have the authority to do so. So, if you want to exercise with your dog in the park, please think about what happens when you go inside, and leave your dog alone. Be quick about it, come back and drive away before any problems occur.
